In-house Interior Arm

EVOS builds the structure. Allure completes the home.

EVOS Buildcon has built Odisha's most aspirational real estate brand — 17 years, 10M+ sq.ft. under development, and a ₹1,000 Cr net worth target by 2027. One structural gap remains: no in-house interior design capability. Every buyer walks away after possession and figures out interiors alone. This is the gap Allure fills.

01

Same Customer

EVOS's HNI buyers in Bhubaneswar are exactly Allure's target interior clients — age 30–55, premium budget, design-conscious.

02

Structural Gap

EVOS has no interior arm. This is not a preference — it's a permanent capability hole that Allure fills permanently.

03

Scale Timing

18M+ sq.ft. in pipeline means years of guaranteed lead flow if partnership is formalised now, before competitors notice.

04

Mutual Value

EVOS gets a premium differentiator. Allure gets pre-qualified HNI clients at zero acquisition cost. Win-win-win.

India's curated AI-powered interior design ecosystem

THE PLATFORM

Allure Interiors is a curated digital ecosystem solving the interior design market's trust deficit. We use AI-driven matchmaking to connect premium clients with an exclusive network of verified designers, and immersive AR/VR to bridge vision and reality — managing the entire process from discovery to execution.

AI Matchmaking

Proprietary algorithm matches clients to verified designers by budget, style, and timeline.

Verified Designer Network

Invite-only. 500+ curated designers vetted for quality, experience, and portfolio.

AR/VR Visualization

Clients see their home in 3D before a single rupee is spent on execution.

End-to-End Execution

Verified local execution partners implement every design with centralized quality control.

What happens to your buyers after possession day?

1

EVOS delivers the flat

Buyer receives keys to a bare shell. The LOVEMARK promise ends at possession day.

2

Buyer searches for designers

90% unorganised market. 70% overspend. Projects drag 3–6 months. Trust broken.

3

Cost overruns & delays

Final costs rise 45% above quotes. Poor planning, cultural mismatches, Vastu errors.

4

Negative reviews spread

Buyer who suffers post-possession blames the builder. Every 1-star review hurts EVOS.

Allure Interiors becomes EVOS's official Preferred Interior Partner

MODEL A — RECOMMENDED FIRST MOVE

Preferred Interior Partner

EVOS officially recommends Allure to all homebuyers at possession. Allure sets up a branded studio inside the EVOS sales gallery. Buyers pay Allure directly. EVOS earns 1–2% referral commission — passive revenue, zero execution risk.

Low friction · Immediate cash flow · Permanent positioning

MODEL B — BOOKING-STAGE REVENUE

Co-Branded Packages "Allure × EVOS Edition"

Silver / Gold / Platinum interior tiers offered at booking — before possession. EVOS sales team upsells the package. Drives buyer conversion speed, locks in decisions, and differentiates EVOS from every competitor in Odisha.

Pre-possession · Booking add-on · Competitive differentiator

MODEL C — SHOWCASE INVESTMENT

Model Flat at Evos Alchemy

Allure designs and executes the model flat for EVOS Alchemy. Every site visitor experiences Allure's quality — becoming a qualified interior client at zero effort for EVOS. Physical proof of the LOVEMARK promise.

Flagship visibility · Proof of concept · Lead generation engine

MODEL D — LONG-TERM INSTITUTIONAL

Commercial & Hospitality Interiors

As EVOS enters commercial, educational, and hospitality sectors, Allure becomes the default interior partner for lobbies, clubhouses, and amenity zones — higher ticket, repeatable, and locked in before any competitor approaches.

Long-term B2B · High ticket · First-mover lock-in

EVOS earns 1–2% referral on each package · Gold @ ₹10L = ₹10K–₹20K per flat · 100 flats = ₹10L–₹20L passive income for EVOS · Zero execution risk

How this partnership moves EVOS from ₹4,000 Cr to ₹8,000 Cr

THE VALUE DOUBLING THESIS

Unit Price Premium	Interior-ready homes command 10–20% premium vs bare-shell competitors. At ₹1.5 Cr avg, 1,000 units × 15% = ₹225 Cr incremental GDV.
Buyer Conversion Speed	Buyers with a furnished model flat decide 40% faster. Faster sales = lower holding costs, higher IRR.
Post-Possession NPS	Smooth interior experience drives 5-star reviews, referrals, and repeat buyers — protecting EVOS's 4.9/5 JustDial rating.
Passive Revenue	At Gold tier ₹10L, 500 buyers = ₹500 Cr interior project flow generating referral income with zero capital deployed.
Commercial Readiness	Allure delivers institutional-grade interiors for lobbies, clubhouses, offices — unlocking EVOS's commercial/hospitality pipeline.
Brand Story Complete	The LOVEMARK promise is only fulfilled when the interior matches the architecture. Allure completes that story.

THE NUMBERS

₹225 Cr+	Incremental GDV from price premium alone
500 flats	Interior projects in 24-month pipeline
₹500 Cr	Total interior flow if 50% buyers convert
₹10–20L	Passive referral income per 100 flats for EVOS

We don't ask for trust. We offer the process to earn it.

The same rigorous verification framework Allure applies to its designer and execution partner network is now extended to EVOS — so you evaluate us exactly as you would any premium partner before committing.

WHAT ALLURE VERIFIES IN EVOS

Step 1

Site Visit to Completed Allure Projects

EVOS leadership visits completed interior projects delivered by Allure — evaluating quality, finish, Vastu compliance, and material standards firsthand.

Step 2

Client Reference Calls

Direct conversations with 3–5 HNI clients who completed projects through Allure — hearing from the exact buyer profile EVOS serves.

Step 3

Portfolio & Process Review

Full review of Allure's project portfolio, designer verification methodology, AR/VR visualization demos, and execution coordination system.

Step 4

Pilot Model Flat at Alchemy

Allure executes one model flat at Evos Alchemy — EVOS evaluates the output in their own flagship project before any formal commitment.

17+ year track record

6.3L sq.ft. delivered — verified.

L&T-grade execution DNA

VP Projects from L&T — blue-chip.

ISO 9001 + RERA compliant

Process credibility confirmed.

LOVEMARK brand alignment

Premium positioning matches Allure standards.

HNI buyer profile match

Identical target customer confirmed.

Clear, fair, low-risk for EVOS

1. Preferred Interior Partner Status

Allure is EVOS's officially recommended interior design partner — referenced in all buyer documentation, site offices, and possession kits.

2. Referral Commission

1–2% of each completed interior project value — paid by Allure to EVOS on project completion. Buyer pays Allure directly. EVOS carries zero financial risk.

3. Design Studio at Sales Gallery

Allure sets up a branded design consultation studio at the EVOS Alchemy sales gallery — available to all prospective and existing buyers during site visits.

4. First Right of Refusal

Allure receives first consideration for all commercial, hospitality, and amenity zone interior projects as EVOS diversifies its portfolio.

5. Model Flat Pilot

Allure executes one model flat at Evos Alchemy before the partnership scales — subject to EVOS's quality evaluation and approval.

6. Term & Exclusivity

Initial term: 24 months renewable. Geographic exclusivity: Bhubaneswar and Puri projects. Annual KPI review.
